Good for Gone

The Go-Go's

You and all your mystery
Only secrets, no clues
Had to make you history
Now you're yesterday's newsOnce I wanted you so bad
Thought I'd never let go
Now I've had it up to here
And you're ready to blowEverything's the same
One thing's changed
I'm without youI stand to gain
No fear remains
Here without youI'm good forgotten
You're good for gone
I'm good forgotten
You're good for goneLearned to live a life so well
That's what we did best
All the good forgotten now
And I've got no regretsEverything's the same
One thing's changed
I'm without youI stand to gain
No fear remains
Here without youI'm good forgotten
You're good for gone
I'm good forgotten
You're good for goneLearned to live a life so well
Yeah, you know we did our best
All the good forgotten now
And I've got no regretsEverything's the same
One thing's changed
I'm without youI stand to gain
No fear remains
Here without youEverything's the same
One thing's changed
I'm without youI stand to gain
No fear remains
Here without youEverything's the same
One thing's changed
I'm without youI stand to gain
No fear remains
Here without youI'm good forgotten

You're good for gone
I'm good forgotten
You're good for gone
