Up On The Ladder

Radiohead

I'm stuck in the T.A.R.D.I.S.
Trapped in hyperspace
One minute snake charming
The next in a motorcade
All the right moves in
In the right places
Watch me dance, I'm a puppet
You can almost see the strings
Give me an answer
Give me a line
I've been climbing up this ladder
I've been wasting my time
Up on the ladder
We're all tied to a stake
Up on the ladder
We wait for your mistake
Up on the ladder
Try to call out your name
Up on the ladder
You're all the fucking same
