

Always Something There To Remind Me

The Hippos

I walk along the city streets you used to walk along with me
And every step I take reminds me of just how we used to be

 Oh how can I forget you, girl

When there is always something there to remind me
 Always something there to remind me

Shadows fall, I pass the small calf where we would dance at night
And I can't help recalling how it felt to kiss and hold you tight

 How can I forget you, girl

When there is always something there to remind me
 Always something there to remind me

I was born to love her
And I will never be free
You'll always be a part of me
 Woah woah woah

If you should find to miss the sweet and tender love we used to share

Just go back to the places where we used to go and I'll be there

 Oh how can I forget you, girl

When there is always something there to remind me
 Always something there to remind me

I was born to love her
And I will never be free
You'll always be a part of me

When there is always something there to remind me
Always something there to remind me (repeat till end)
