Play Dirty

Poison

The boys in the back room
Billy shooting pool
Trading dirty glances
With pretty boys playing coolThey're putting down their whiskey
Getting loaded tonight
It's gettin' kind of risky
They're lookin' to fightIf you want action
If you want a thrill
Then take it down to Jimmy's bar and grillAnd play dirty
And dirty games too
Play dirty
Like dirty boys doWow, act toughTattoo Willie's happenin'
He really makes a scene
He's got anything you like
If you know what I meanTroubles up when the heat comes down
'Cause down at Jimmy's
They don't mess aroundAnd play dirty
And dirty games too
They play dirty
Like dirty boys doAww, come on, man, let's take this right outside
Come on, sucker, hit itThe place is gettin' restless
There's trouble in the air
All Hell's about to break loose
The dirty punks just don't careThey want action
They want a thrill
Then take it down to Jimmy's bar and grillAnd play dirty
And dirty games too
They play dirty
Like dirty boys doPlay dirty
Hey, watch your mouth
Play dirty
Come on let's take it outsidePlay dirty, play dirty
You better believe I'm [Incomprehensible]
Play dirty, play dirty
Get out, get, get, get outPlay dirty
So damn cool
Play dirty
Like dirty boys do
