Master Ringo

Frank Zappa

Dear PFIQ,
Since you printed my question and photo in issue number 29, PFIQ, I have received many letters.
I'm glad I'm retired so I have plenty of time to answer all.
I finally got rid of the smell
Of the deep scrotum piercings
(mumble)
By putting a 5/32-inches barbell and a 5/16-inches ring.
Now, air can get through.
(laughs)(FZ: Can you stand like that?
Hermann: Maybe I should read the text one whole, because . . . again . . . oh . . .
FZ: Just . . . just say "now, air can get through")Now, air can get through.
Don't ever quit putting out PFIQ, as it is most enjoy-able.
I have them all
And go over them many times.
You never heard anymore of Carl... Carol, issue n... number 14, I believe?
Keep up the great work. I don't know what to pierce next.P.S. Do you use 1-percent xylocaine for deep cockhead piercings?
Piercing the head of the cock must be painful.
(OOHH!)
I had the head tattooed and it hurt like hell!
But I didn't want the artist to stop.Master Ringo
