

# Nothin' Burns Like A Memory

Heidi Newfield

Five years since you went away  
Hurts like it was yesterday  
I play with fire and you're gonna pay  
Lord knows I am tired of payin'  
I am sick of livin' in the past  
You took my heart and I want it back  
You were my first but you didn't last  
You just caused me frustration  
Tonight I am gonna set myself free  
I've got a brand new recipe  
And it's a, a can or two of gasoline  
One match and a mighty a big flame  
All the heartache and sufferin'  
Is gonna melt inside of me  
A picture book and a pile of your clothes  
You and me goin' up in smoke  
A sure fire way of lettin' go  
Yeah, nothin' burns like a memory  
I've got a bottle of 80 proof  
I'll tell you what we're gonna do  
Well, it's a two for me and one for you  
Honey, here's to liberation  
No more pain and misery

I finally found my remedy  
And it's a, a can or two of gasoline  
One match and a mighty a big flame  
All the heartache and sufferin'  
Is gonna melt inside of me  
A picture book and a pile of your clothes  
You and me goin' up in smoke  
A sure fire way of lettin' go  
Yeah, nothin' burns like a memory  
Burn, baby, burn  
Burn, baby, burn  
Burn, baby, burn  
Burn, baby, burn  
You take a, a can or two of gasoline  
One match and a mighty a big flame

All the heartache and sufferin?  
Is gonna melt inside of me  
A picture book and a pile of your clothes  
You and me goin' up in smoke  
A sure fire way of lettin' go  
Yeah, nothin', ooh, nothin', oh, nothin'  
Oh, burns like a memory
