

Ride

Wayne Hancock

Well me and my baby are splittin up
And I'm feelin really bad inside
I wanna put on a cut, throw my kick stand up
The saddle of my super glidin low And I wanna ride
Yea, I'm gonna ride ride ride What's the use in bragging about?
When my baby ain't around no more
I'm gonna get out on some interstate
And travel down on 94 Lord, I'm gonna ride
Yea, I'm gonna ride ride ride Well in the game of love there' always a chance
That things ain't gonna work out right
I've accepted my loss and as for me
I'm leavin after this line
Lord, I'm gonna ride
Yea, I'm gonna ride ride ride
