Wowee Zowee

Two Tongues

Hey there, boy
You're beautiful
Told you so
But you still don't knowHey, hey, cut it out
What you gonna do about it?
I don't wanna go home unless I'm not alone
Hey, hey, cut it out
What you gonna say about it?
I don't wanna know nowWell, you shut me out
I won't let you go
Well, you shut me down
No, I won't let you goDon't let go, it's dangerous to turn away
From the bonds we built between usHey, hey, cut it out
What you gonna do about it?
I don't wanna go home unless I'm not alone
Hey, hey, cut it out
What you gonna say about it?
I don't wanna know nowWell, you shut me out
I won't let you go
Well, you shut me down
No, I won't let you goYou'll have to make me come againWell, you shut me out
I won't let you go
Well, you shut me down
No, I won't let you go
