You Have Killed Me

Morrissey

Pasolini is me, 'Accattone' you'll be
I entered nothing and nothing entered me
'Til you came with the key
And you did your best but
As I live and breathe
You have killed me, you have killed me
Yes, I walk around somehow
But you have killed me, you have killed me
Piazza Cavour, what's my life for?
Visconti is me, Magnani you'll never be
I entered nothing and nothing entered me
'Til you came with the key
And you did your best but
As I live and breathe
You have killed me, you have killed me
Yes, I walk around somehow
But you have killed me, you have killed me
Who am I that I come to be here?
As I live and breathe
You have killed me, you have killed me
Yes, I walk around somehow
But you have killed me, you have killed me
And there is no point saying this again
There is no point saying this again
But I forgive you, I forgive you
Always, I do forgive you
