

You Have Killed Me

Morrissey

Pasolini is me, 'Accattone' you'll be
I entered nothing and nothing entered me
 'Til you came with the key
 And you did your best but
 As I live and breathe
You have killed me, you have killed me
 Yes, I walk around somehow
But you have killed me, you have killed me
 Piazza Cavour, what's my life for?
Visconti is me, Magnani you'll never be
I entered nothing and nothing entered me
 'Til you came with the key
 And you did your best but
 As I live and breathe
You have killed me, you have killed me
 Yes, I walk around somehow
But you have killed me, you have killed me
 Who am I that I come to be here?
 As I live and breathe
You have killed me, you have killed me
 Yes, I walk around somehow
But you have killed me, you have killed me
 And there is no point saying this again
 There is no point saying this again
 But I forgive you, I forgive you
 Always, I do forgive you
