

# Statesboro Blues

Pat Travers

Wake up, mama, turn your lamp down low  
Wake up, mama, now, turn your lamp down low  
Have you got the nerve to hide (drive) Willie Mc  
Tell from your door? You know I woke up in the mornin', now, I had them Statesboro Blues  
I woke up this morning now, I had them Statesboro Blues  
I looked over in the corner, grandma and grandpa had 'em too  
Mama got 'em, papa got 'em, sister got 'em, everybody got 'em  
I'm goin' to the country, mama do you wanna go? If I can't take you, I believe I'll take three or four more  
Mama died and left me reckless, papa died and left me wild, wild, wild  
Mama died and left me reckless, papa died and left me wild  
Ya know I ain't good lookin', but I'll stumble on a sweet angel-child  
Mama got 'em, (doncha know?), papa got 'em, sister got 'em, everybody got 'em  
I'm goin' to the country, mama do you wanna go? If I can't take you, I believe I'll take three or four more  
Wake up, mama, turn your lamp down low  
Wake up, mama, now, turn your lamp down low  
Have you got the nerve to hide (drive) Willie Mc  
Tell from your door?
