# Blue Lights

## Cole Swindell

I was sipping, and smiling, and kicking, and minding my own
I was out with the boys,
Going strong third night in a row
Saw a girl way across the bar
Had that one little braid in her hair
I knew it was you
Didn't know what to do so, I got the hell out of thereLike I saw blue lights
Saw a flash of those blue eyes
And I was long gone before the next one played
Before you even looked my way
Baby, I was feeling alright thought I was staying out all night
Now I got my hat down cutting through the crowd
You got me, you got me running from the party
Like blue lights, blue lights
Left my card at the bar they can keep it, I don't even care
Yeah, my drink was one sip form the top but I left it right there
So much for pretending like I don't love you
I guess tonight I'm busted just like blue lightsSaw a flash of those blue eyes
And I was long gone before the next one played
Before you even looked my way
Baby, I was feeling alright thought I was staying out all night
Now I got my hat down cutting through the crowd
You got me, you got me running from the party
Like blue lights, blue lightsGirl your good bye...
Got my heart on lock down
Guess I cant even go out now
Yeah, you're spinning my head around like blue lights
Saw a flash of those blue eyes
And I was long gone before the next one played
Before you even looked my way
Baby, I was feeling alright thought I was staying out all night
Now I got my hat down cutting through the crowd
You got me, you got me running from the party
Like blue lights, blue lights(blue lights, blue lights)
(blue lights, blue lights)Yeah, you got me runningYou got me running from the party
