

# Why Did I Care

## Arcwelder

(music: arcwelder lyrics: s.macdonald)

Wish I weren't so sensitive - that I could blow it off  
and wish you the best but that's just me and I just can't

Didn't even care at first but you reeled me in  
and now I'm hanging here deboned and gutted[chorus]

What was I doing? What was I thinking?

Where was I going? Why did I care?

What was I doing ? What was I thinking?

What was I asking? Why did I care?Keep your distance so I can heal - don't you pick at my scabs

I can't allow myself to feel but I'm weak and I want you

It's not my fault that you don't know what you want

I will laugh at this tomorrow if I can ever fall asleep[chorus]Some days are better than others - this must be one  
of those others

So I hide behind the fans - they make me feel OK

I will pull myself out of this - there is light at the end of the tunnel

As long as you don't blow it out with your sweet and sour breath[chorus]
