Best Is Yet To Come

Red

Afraid it won't come round again
Afraid to move on
Wishing I could go back when
When everything was easier and meaningful to me
Wanting all we left behind
Like its the answer
An hour glass we can't rewind
Holding back the life that I've been at for so longCan I find my way to you
And after all that we've been through
And after all we left in pieces
I still believe our lives have just begun
'Cause now the past can be outrun
And I know you are the reason
I still believe the best is yet to comeA photograph's still in my hands
Afraid to let it go
The minutes rain like grains of sand
And time is just a war that's stealing dreams from within
So come and take them back againAnd after all that we've been through
And after all we left in pieces
I still believe our lives have just begun
'Cause now the past can be outrun
And I know you are the reason
I still believe the best is yet to comeI won't turn around
Let it all slip away
I'm never backing down
'Cause tomorrow's a new day
And everything can changeAnd after all that we've been through
And after all we left in pieces
I still believe our lives have just begun
'Cause now the past can be outrun
And I know you are the reason
I still believe the best is yet to comeI still believe the best is yet to come
The best is yet to come
I still believe the best is yet to come
