We were lost and alone
Somewhere so very new
Caught in the magic of love
And your forgiveness
Selfish and too blind to see
Love was our music and, oh
I am
Lost in a world of emptiness
I am
Learning to tell the truth
Somewhere, somebody new
We shared, faith without truth
With only my words left I turn
To your forgiveness
Eyes in the darkness they cry
Tears are forever and oh

I am
Lost in a world of emptiness
I am
Learning to tell the truth
So many roads to choose
(guitar solo)
Whoa ooh...
Ooh ooh
Whoa...
I am
Lost in a world of emptiness
I am
Learning to tell the truth
I am
Lost in a world of emptiness
I am
Learning to tell the truth

So many roads to choose
