Voices

Rev Theory

I hear voices in my head
They council to me
They understand
They talk to me
You got your rules and your religion all designed to keep you safe.
But when rules start getting broken you start questioning in your faith.
I have a voice that is my savior,
Hates to love and loves to hate.
I have a voice that has knowledge and the power to rule your fate.
I hear voices crying
I see heroes dying
I taste blood that's drying
I feel tension rising
I hear voices in my head
They come to me
They understand
They talk to me,They talk to me
They tell me things, that I will do
They show me things I'll do to you.
They talk to me, talk to me talk to me
They talked to me,talked to me talked to me
All the lawyers are defenseless
All the doctors are disease
And the preachers all are sinners
And the police just take the grease

All you judges you are guilty
All the bosses I will fire
All you bankers will have losses
And politicians are all liars
I see darkness falling
I hear voices calling
I feel justice crawling
I see faith has fallen
I hear voices in my head
They come to me
They understand
They talked to me,they talked to me
They tell me things that ? will do

They show me things that I?ll do to you
They talked to me,they talked to me
I hear voices crying
I see heroes dying
I taste blood thats drying
I feel tension rising
I hear voices in my head
They come to me
They understand
They talk to me,They talk to me
They tell me things, that I will do
They show me things I'll do to you.
They talk to me, talk to me talk, to me
