

Time Machine

Ride

Waste no more energy
No more time
Step into the Time Machine
Aboard this flightTime to go
It's sad that you're not here
To open up your eyes
And watch me disappearCarried away
Imaginations
Are running wildLosing control
I'm landing back in this year
Did I ever move?
Did I disappear?If I could move
Through time
I'd go back
And put it rightCarried away
Imaginations
Are running wild
