## Butt Trumpet

Never mind the painful cries  
Just ignore her many lies  
Let her rest when she passes out  
While she's awake, let her shout  
    Quickly pour her another cup  
Hold her hand when she shoots up  
F\*\*\*k her when she needs a friend  
    The start the shit all over again  
Don't f\*\*\*k with my head, she said  
    Don't!  
    Hide the razorblades from the cop  
Call the doctor when the bleeding won't stop  
    Kiss her, tell her she's okay  
Then f\*\*\*k around while she's away  
    Bring her home, give her a line  
    Now you got her feeling fine  
    Take a twenty from her purse  
Always remember: business first!  
    Tell her you love her every day  
Beat her when she tries to escape  
    Watch her as she loses weight  
    Always tell her she looks great  
Don't f\*\*\*k with my head, she said  
    No...  
    Never mind her desperate pleas  
    Lock the door and hide the keys  
    Tell her friends she's doing great  
    Watch her puke and masturbate  
Lie her down when she starts to trip  
    Wipe the drool off of her lip  
    Wipe the tears off of her face  
    F\*\*\*k her as she starts to space  
Does it f\*\*\*k with your head she's dead?
