

Sell Out

Sounds Under Radio

(Give it up you said you wouldn't give it out) I am not your suicide
Machines have brought you back to life
You know it's all in your head See me feel me
And hold me out
Put those bullets back inside
Because everything is wonderful now
But they're all in your head Cause you sold me out
You sold me out, you sold me out again You hold me back
When your, your feeling scared
It's all about the lies you said
Our broken bed is crumbling down
It's all in your head Cause you sold me out
You sold me out, you sold me out again Give it up you said wouldn't give it out
Give it up you said wouldn't give it out
Give it up you said wouldn't give it out
Give it up you said... Give it up you said wouldn't give it out
Give it up you said wouldn't give it out
Give it up you said wouldn't give it out
Give it up you said... Cause you sold me out
You sold me out, you sold me out again Give it up you said wouldn't give it out
Give it up you said wouldn't give it out
Give it up you said wouldn't give it out
Give it up you said wouldn't give it out
