

# What I Did for Love

Kenny Rogers

Everybodys heart is torn and tattered  
Mine was not designed for giving up  
Cos all Ive ever done that really matters  
Its what I did for love So count me with the wounded and the shaken  
Even when Im barely standing up  
Ive tried to offer more than I have taken  
Its what I did for love What I did for love, what I did for love  
And I hope that you can see  
All that love is done for me And when they sit and list the reasons I existed  
Im afraid it wont add up to very much  
Cos I gathered all I had and gladly rested  
Thats what I did for love What I did for love, what I did for love  
And I hope that you can see  
All that love is done for me Some day I may silently surrender  
This old heart has finally had enough  
But I hope that I will always be remembered  
For what I did for love
