

# Camera

R.E.M.

From the inside room  
When the front room greeting  
Becomes your special book  
It was simple then  
When the party lulls  
If we fall by the side  
Will you be remembered?  
Will she be remembered? Alone in a crowd  
A bartered lantern borrowed  
If I'm to be your camera  
Then who will be your face? I fell by your bed once  
I didn't want to tell you  
I should keep myself  
In between the pages  
Of the green light room  
If we fall by the side  
Will you be remembered?  
Will she be remembered? Alone in a crowd  
A bartered lantern borrowed  
If I'm to be your camera  
Then who will be your face? From the inside room  
When the front room greeting  
Becomes your special book  
It was simple then  
When the party lulls  
If we fall by the side  
I still like you, can you remember? Alone in a crowd  
A bartered lantern borrowed  
If I'm to be your camera  
Then who will be your face? Alone in a crowd  
A bartered lantern borrowed  
If I'm to be your camera  
Then who will be your face? Come back, come on  
You got it  
In the mood  
Alright
