One In a Million

Christine McVie

If I were you, I'd hold on tight
Even do wrong, just to make it right
You treat him badly and you better not
You oughta make the best of what you got
That kind of loving
Ain't easily found
If he tells you he loves you
Don't turn him down
If I was standing in your shoes
I'd give up all I had to give
You got the advantage and a lot to lose
You got everything that I wish I hadThat kind of loving
Ain't easily found
If he tells you he loves you
Don't turn him down
If he tells you he needs you
Don't turn around
He's one in a million
Don't turn him downYou better love him while you can
Or somebody's gonna steal that man
But you can't let go
And you won't let him in
Don't you know, how I want
I want, I want himThat kind of loving
Ain't easily found
If he tells you he loves you
Don't turn him down
If he tells you he needs you
Don't turn around
He's one in a million
Don't turn him down
