

# Liberty Line

## Griffin House

Well, I ran into some trouble  
And headed out toward Liberty Line  
I heard voices going in my head  
"You could be livin' more than you could be dyin'" I remember when we fell in love  
You were the one I thought I'd never meet  
I taste your words on the tip of my tongue  
They were soft and they were sweet But we ran into some trouble  
We knew our love was slowly dyin'  
And when we said the words that ended us  
I headed out toward Liberty Line The night was some kind of quiet  
I could almost hear myself think  
I felt my heart was like a heavy flood  
I'm gonna float or I'm gonna sink I was thinking we could settle down  
Start a family and start a life  
I was only two days short of asking you  
If you would be my wife But we ran into some trouble  
We met that enemy that we call time  
Threw my guitar in the back of my car  
And headed out toward Liberty Line I didn't know what would be waiting there  
I didn't know what I would find  
But I knew I had to make it, make it to Liberty Line They say you can't see the forest  
When you're there among the trees  
They say it takes a separation  
To find some kind of clarity But I feel I'm gonna make it  
To the line where freedom waits  
And then this lonely prisoner  
Can cross the border to a better state Now, I'm on my last stretch of road  
And I don't know what I'm gonna find  
Maybe the sheriff will be waiting there  
And stop me short of Liberty Line Off in the distance  
I'm coming closer with every breath  
I see a woman staring back at me  
I stop the car, she comes up on my left She said, "I didn't know if you would make it  
See, I got this enemy that I call time  
But I was wondering could I hitch a ride  
By the way my name is Liberty Line" I didn't know what would be waiting there  
I didn't know what I would find  
But I knew I had to make it, make it to Liberty Line
