

# Unknown

## Grave

I'll take you into the ever black  
I conquer your weak soul  
Flood of pain falls like rain  
As I grant your eyes my evil desire  
Tears you feel are tears that bleed  
I rape you slow infernally  
Come inside of me come hear the symphony  
Of the crying souls  
I'll take you into the ever black  
Your bleeding soul I caress  
Undressed from skin you cry within  
On your virgin flesh I sin  
Tears - Unknown to me  
Fear - Unknown to me
