

Heartbreaker

The D4

Since she's gone, she's gone and left me crying
I'm a sucker for this game,
She's running all over town
With her cheating and her lying
Now I'm sitting here with nothing but pain
I gave her love, she never had before So here I stand with my heart in my hands
And no one to call my own
Then she said, "She's a queen, she's an angel,
And I better bow down and kneel before her thrown"
I gave her love, she never had before
I don't want her hangin' round here, no more I wish never met you at all
Lying I'm crying
I wish I never met you at all, crying
I wish I never met you at all, crying Here I stand with my heart in my hands
And I still got no one to call my own
Then she said, "she's a queen, she's an angel,
And I better bow down and kneel before her thrown" I gave you love, you never had before
I don't want you hangin' round here, no more I wish I never met you at all
Lying I'm crying
I wish I never met you at all, crying
I wish I never met you at all, crying
I wish I never met you at all, crying
