Regrets Of Photographs

Number One Gun

To all the ones who wait
It's not too late, this is your time
Regrets of photographs you took inside
That kill your mindWith all that crazy talk
About what's wrong, about what's right
This is your only chance to get you through
Get you through tonightYou are the same as I imagined
You are the one who passes by
And takes away my painYou are the same as I imagined
This is the beauty of my dreams
Exactly what it seems to be
You never turn away
You always comfort meWe're so concerned about the way we think
We're always stuck on stupid things
We're never wrong, but we're never right
It doesn't matter what we say tonightIt's time to face it, communicate it
And now the time has come to celebrate it
You're finding out that this is real
You can have it, you can have itYou are the same as I imagined
You are the one who passes by
And takes away my painYou are the same as I imagined
This is the beauty of my dreams
Exactly what it seems to be
You never turn away
You always comfort meThis is the beauty of my dreams
Exactly what it seems to be
You never ever turn away
You always here to comfort me
This is your time, this is your time
This is your time, this is your timeYou are the same as I imagined
You are the one who passes by
And takes away my painYou are the same as I imagined
This is the beauty of my dreams
Exactly what it seems to be
You never turn away
You always comfort me
