How Else

Jimmy Scott

When you're sad and feeling blue
I'll be there to cry for you
I will share the pain with you
How else can I say I love you?When your heart's not feeling blue
I'll be there to laugh for you
I'll do my best my whole life through
How else can I say I love you?With each word that I speak
I'll speak of your charm
Each moment in life
Let me spend in your armsWhen you're alone, nothing to do
And no one to turn to
I'll be hope when you cry
I'll be breath if you sigh
I'll be yours till I die
