Come here, take my hand
Pull me closer, pull me in
Come here my darling
Spin around
Let me see you
In all your beauty

This is so beautiful
We are so beautiful
I wanna spend the rest of my life
By your side

Come here
Close you're eyes
Bring your lips close to mine
Stay near where I can hear the sound of our hearts beating in time

This is so beautiful
And we are so beautiful
I wanna spend the rest of my life
By your side
By your side

Da da da da da
Da da da da da
Da da da da daaa
By your side
Da da da da da
Da da da da da
Da da da da daaa

This is so beautiful
And we are so beautiful
I wanna spend the rest of my life by your side
By your side

Da da da da da
Da da da da da
Da da da da da
By your side

Da da da da da
Da da da da da
Da da da da daaa

By your side
