

# Too Cool Queenie

## Stone Temple Pilots

There was this girl  
Who lived not too long ago  
As a matter of fact I think she lives still  
She knew she could do no wrong  
Just singin' those songs that we all knew She would always crash the party  
It was no surprise  
It was for her There was this boy  
He played in a rock-n-roll band  
And he wasn't half bad at saving the world  
She said, "He could do no right  
So he took his life" his story is true She would always crash the party  
It was no surprise  
It was for her It's okay 'cause what goes around, comes around  
It's alright 'cause what goes around, comes around And now this girl, yeah she got real famous  
And she made lots of money and some of his too  
But still she thinks she can do no wrong  
Just playing those songs, she's all too cool
