

# I Want the World... and Everything in It

## Battle Beast

Got the eye of the tiger  
You will see me touch the sky  
Come power and glory, all just for one man  
On the road to the castle,  
Sacrificies must be made  
Can you see the fire in my hungry eyes? I want the World  
And everything in it  
I'll take it all  
With my passion and my crime  
I want the World  
And you along with it  
Living like there's no tomorrow  
I steal from the heavens  
I receive rewards from Hell  
No way I'm gonna let my dream  
Slip through my hand  
Too drunk on power  
To tell who's friend, who's foe  
Get away, bloody vultures,  
Who feed upon my flame I want the World  
And everything in it  
I'll take it all  
With my passion and my crime  
I want the World  
And you along with it  
Live and love just like a wild child(Solo)  
I want the World  
And everything in it  
I'll take it all  
With my passion and my crime  
I want the World  
And you along with it  
Living like there's no tomorrow  
- One more time! I want the World  
And everything in it  
I'll take it all  
With my passion and my crime  
I want the World  
And you along with it

Live and love just like a wild child I want the World, YEAH!
