

Precious

Jamie Foxx

There are things that mean a lot to me

(Precious)

Some are more important than others

But there's nothing more precious than my baby

(Precious) It looks like the sun is gone, here I sit all night long

Thinkin' 'bout my baby, she's on my mind

Well all of my friends stop by

But I just can't deny, I rather chill with my lady tonight Because our lovin' is strong and she's got it goin' on

She swept me off my feet, she's so unique

And she'll come with me, she's got my back in every way

And so I'm not afraid to stop and say, oh It is much to long, since I had a love this strong

I can't resist the temptations of life

And I must confess to you, your type of love is new

When I'm with you everything is alright
