

Long Way Home

Matisse & Eriq Johnson

Oh, it's cold and lonely here
Here in this telephone booth
There's three sides to every story, baby
There's yours and there's mine and the cold, hard truth
I think there's something missing 'round here
I don't know where it's gone
But it's a long way back home
 The heat don't work
 The toaster don't work
 And the car don't work
 And I guess I know why
 This house don't work

And this dream don't work no more
 And lover, neither do you and I
I fall asleep with the colors flying
 Over sand and foam
But it's a long way back home
I know your heart is breaking
Maybe my heart's breaking, too
And it's a long way back home
 It's a long way back home
 It's a long way back home
