

The Incredible

David Gray

(This time)
It won't leap past us
(This time)
The incredible is approaching from over there
It won't leap past us
We won't be left in a dark vale
To watch it go It won't leap past us
The incredible is approaching from over there (This time)
It won't leap past us
We won't be left in a dark vale
To watch it go (This time)
It won't leap past us The incredible is approaching from over there (This time)
It won't leap past us
Won't be left no
It won't leap past us (This time) A woman transformed into twinkling stars, headlines, headlines
A woman transformed into twinkling stars, headlines, headlines
No going home tonight, no going home tonight
The wrath of angels, the wrath of angels
No going home tonight, no going home tonight
The wrath of angels, the wrath of angels
No going home tonight, no going home tonight
The wrath of angels, the wrath of angels (This time)
