

Hide & Seek

VenueConnection

Weâ€™re gathered here together
Partaking in this wine
Forgetting â€˜bout our troubles
Now itâ€™s party time

After all this searchinâ€™
Finally weâ€™ll find
Pleasure in togetherness
And perfect peace of mind

Get out on the dance floor
Do what you wanna do
For a lifetime youâ€™ve been searchinâ€™
The connection has found you

Hide and seek, seek and ye shall find
Hide and seek, seek and ye shall find
Hide and seek, seek and ye shall find
Hide and seek, hide and seek

Come out of your closets
And from behind those trees
Crawl out of your caves
â€™Cause you donâ€™t have no disease

This groove is universal
Thatâ€™s better than worldwide
So glide down from your galaxies
Thereâ€™s no more time to hide

Get out on the dance floor
Move how you wanna move
For a lifetime youâ€™ve been searchinâ€™
Now the connection has found you

Hide and seek, seek and ye shall find
Hide and seek, seek and ye shall find
Hide and seek, seek and ye shall find
Hide and seek, hide and seek
