I'm Listening Now

Joe Cocker

There were times, I was sure
Everything is gonna be alright
The sun would shine, the world would turn
No matter how, I lived my life
Never needed anyone's advice
Well that was then
Today I'm thinking twice
I'm listening now, trying to get it right
Tryin' to figure it out somehow
Yes, I'm listening now
We all got our own plan
Our own way to ease the pain
We all find our own medicine
From blinding faith to Novocaine
To stop the world
And filter out the noise
Sooner or later you've got
To listen to that voice
I'm listening now
I'm trying to get it right
Tryin' to figure it out somehow
Oh, I'm listening now

Na, na, na, na, na, na
Na, na, na, oh baby
Na, na, na, na, na, na
Na, na, na, oh baby
There were times, I was sure
Everything was gonna be alright
The sun would shine
The world would turn
No matter how, I lived my life
Loves the answer
Just like they always said
Come on baby, tell me
Something about love instead
I'm listening now
Trying to sort it out
Tryin' to figure it out somehow

Yes I am, yes, I'm listening now
I'm listening now, tryin' to get it right
Tryin' to figure it out somehow
Yes, I'm listening now
I'm listening now
I'm listening now
I'm listening now
