

# Open Your Eyes

Andrew Belle

Open your eyes now

Open your eyes now

It's time to see

If you can reach me

Open your eyes now

Open your eyes now

It's time to leave

It's time to leave me

Open your eyes now

Open your eyes now

It's time to see

If you still believe me

Open your life now

Open your life now

I'll try to be

All that you need me

To be

She'll be a star now

I will follow her lead

She'll be a scar now

I will still let her bleed

Open your eyes now

Open your eyes now

Try to speak

Like you can see me

Open your eyes now

Open your eyes now

I'll try to be

Almost everything

You need me to be

She'll be a star now

I will follow her lead

She'll be a scar now

I will still let her bleed

All over me

She'll be a star now

She'll be a scar now

She'll be a star now

She'll be a scar now  
She'll be a star now  
She'll be a scar now  
She'll be a star now  
She'll be a scar now  
She'll be a star now  
She'll be a scar now  
She'll be a star now  
She'll be a scar now  
I will let her bleed  
All over me  
All over me
