

Grateful

Blue Magic

At the end of everyday when the world is
far away I run to you
It's a world without a care when I see you
standing there I ask myself
if I could think of just one word that would
describe the perfect harmony you have given me
Now that I found you it's so good to be alive
For out of all the rest you chose me for the best and
I'm so grateful for all the love you've given me
So grateful you are my life, my love, my destiny
And I'll always be in love with you
I'll always be grateful to you

Out of all the love I find you have been just
what I needed all the time
You have made me realize I can tell the world
go on and pass me by
Cause every time you hold me closer in your arms
I feel just like a king high high high up on a throne
I'll stand beside you and will be your number one
till birds no longer fly; till stars fall from the sky
And I'm so grateful for all the love that you've
given me
So grateful cause you are my life, you are my
life and you are my destiny
And I'll always be in love with you
I'll always be grateful to you

And I'm so grateful for all the love that you've
given me
So grateful cause you are my life, and you are
my love, and you are my destiny
I'll always be in love with you
I'll always be grateful to you
