Don't Go Down To Reno

Tony Christie

In Reno town for a few dollars down
you can buy yourself a separation.
And say good-bye to the love
and the life that we shared together.
Sign it away with a stroke of a hotel pen.
All of the dreams that we had
will be gone foreverI can't believe we're throughI won't give up on you.How can I stand aside
and watch a good love die ?
Don't go down to Renostay another night.
One night and you may findI'll make you change your minddon't go down to Reno
stay a little bit longer.Try to remember the day
when the bells were chimin'
picture the clothes that I wore
and I know you'll smile.
Think of the nights when we knew
that our star was climbin'
I can't throw that awayI've got to make you stay.How can I stand aside...
