For Progress

Treponem Pal

Wake up the scorn is back
Face down you?re unreal
No one has understood
Tearing down faces
Who?s gonna live in pain
Who?s gonna have a trance
Who?s gonna kill the time
Excess and overdrive

Excess excess excess and overdrive
Excess excess excess and overdrive

Fucked mind and nasty
The master power culture
Can?t you sing a romance
Sex is on the wire
Who?s gonna burn the flags
Who?s gonna crack down
Who?s gonna kill for free
Excess and overdrive

Excess excess excess and overdrive
Excess excess excess and overdrive
Excess excess excess in your face

Who?s gonna burn the flags
Excess and overdrive
Who?s gonna crack down
Excess and overdrive
Who?s gonna fall in love
Excess and overdrive

Excess and overdrive
Excess and overdrive
