

Just This

These United States

look love luck comes good goes bad
i know you dreamt of something else, but this is what we have
one last fate flash, this is what we've got
like a star shot
i don't open her eyes, i feel for the lines of her face
there is no justice, just this occasional grace there goes one more friend of the night
it always happens this way, it's sad over time
to late long lost this is what you get
like a lamp lit
like a lamp lit I can't get the case closed but the bad (?)
there is no justice, just this occasional grace
I sigh for that summer, the three of us fall into place
there is no justice, there is no justice, there is no justice, just this occasional grace i don't ask for answers, but
know at the end of the day
