

# Oh, How the Mighty Have Fallen

## Alesana

I'm having trouble breathing  
And if I don't think fast  
I'm likely to find myself here for good  
Panic sets in as I start to question  
Why I see you standing there behind the glass  
Who said that we never would touch the speed of light?  
So far behind me  
Understanding  
Stars become rivers  
Flowing backwards  
When did my heartbeat start to echo?  
Why are my thoughts now  
Fading  
Drifting (yeah)  
Twisting (yeah)  
Tearing (yeah)  
Bleeding (yeah) Excuse me,  
Are you a maniac?  
I am  
And I'm okay with that  
Yeah One last night  
One final kiss  
Desire begging me not to go  
Goodbye my everything  
I'm terrified  
I pull you near  
Making sure that you are real  
Open my eyes  
It was all a dream  
Goodbye my everything An endless maze  
A Möbius labyrinth  
Redemption  
Exodus  
Where have you gone?  
(And yet your gaze will not)  
Cease to burn into me So far removed  
So mockingly you observe  
Pariah  
Hypocrite!  
I will be free

(And yet you will remain)Excuse me,  
Are you a maniac?  
I am  
And I'm okay with that  
YeahOne last night  
One final kiss  
Desire begging me not to go  
Goodbye my everything  
I'm terrified  
I pull you near  
Making sure that you are real  
Open my eyes  
It was all a dream  
Goodbye my everything  
Goodbye my everythingNo!  
Futile screams go unheard  
Incarcerated  
By so many walls  
No!  
Imprisoned and banished  
Within a nexus  
Of my own designPlease  
(Don't go back)  
God  
(Don't leave me)  
Kill  
(Hide from the world)  
Me  
(Let's not exist)Time is mocking me  
And now I'm fighting gravity, yeah  
I'm destroying me  
Colliding worlds will set you freeTime is mocking me  
And now I'm fighting gravity, yeah  
I'm destroying me  
(A straight line is not the shortest distance between two points  
I know that now)  
Colliding world will set you free  
(But I'm afraid it might be too late  
I'm afraid it might be too late  
I'm afraid it might be too late)Will we come back from this?  
Hold my hand  
I'm blind  
Will we come back from this?  
Show me how  
I'm lost

My God!  
Will we come back from this?  
(It's beautiful)  
The portal opens  
Time is slowing  
No turning back  
Now, 'belYeahOne last night  
One final kiss  
Desire begging me not to go  
Goodbye my everything  
I'm terrified  
I pull you near  
Making sure that you are real  
Open my eyes  
It was all a dream  
Goodbye my everything  
Goodbye my everythingNo!  
Futile screams go unheard  
Incarcerated  
By so many walls  
No!  
Imprisoned and banished  
Within a nexus  
Of my own design
