

Instant Pleasure

Rufus Wainwright

I don't want somebody to love me
Just give me sex whenever I want it.
'Cause all I ask for is instant pleasure
Instant pleasure, instant pleasure. You in the traffic for all eternity
How could that speed be where you want to be?
Said don't you really want instant pleasure
Instant pleasure, instant pleasure. Think that all these folks get laid?
Do it cause their pain is great?
What you thinkin' anyways? If drinkin' coffee's your idea of really cool
You can't expect no crazy chick to notice you
Just sittin' there dreamin' instant pleasure
Instant pleasure, instant pleasure
Instant pleasure, instant pleasure. If you want someone a friend to be
Guess you'll have to win the lottery
But 'til then repeat after me. I don't want somebody to love me
Just give me sex whenever I want it
'Cause all I ask for is instant pleasure
Instant pleasure, instant pleasure
Instant pleasure, instant pleasure
Instant pleasure, instant pleasure. I don't want somebody to love me
I don't want somebody to love me.
