I Promise You

John Berry

After all that we've been through
I can't believe it's me alone here with you
Every touch tells me, it's real
And the words don't come close or say how I feel(I promise you)
I promise you I'll never give up on us
(I promise you)
I promise you always the best of my love
(I promise you)I'll be the one you can turn to because
If your wishes fall through
I'll still promise you my loveWith everything your heart can hold
And all the whispered words you've never been told
This is where we belong in love from now on
(I promise you)
I promise youIt took a little time to see
what should have been perfectly clear
Now I can't believe
I spent one minute without you here(I promise you)
I promise you
(I promise you)
I promise you
