

Wish I May

Breaking Benjamin

Shoves me under you again
I can't wait for this to end
Sober, empty in the head
I know I can never win Why should I have to wait
Or I'll just look the other way We left this land of shiny lights
I wish I may, I wish I might
When all these dreams have come to end
You wish you were, you're not my friend I can see you suffocate
I can find no other way
Try to make you saturate
I can be your enemy Why should I have to wait
Or I'll just look the other way We left this land of shiny lights
I wish I may, I wish I might
When all these dreams have come to end
You wish you were, you're not my friend We left this land of shiny lights
I wish I may, I wish I might
When all these dreams have come to end
You wish you were, you're not my friend You said you'd love to see the end
The long hard road that I have been
When all these dreams have come to end
You wish you were, you're not my friend Blind eyes shine through
