

Loyalty

Killswitch Engage

"Justice for my sister and her children."
"If you want justice you've come to the wrong place."
"I disagree. I want to bring those you have wronged me to
justice and all those who've wronged me are right here..."The queen bring the vengeance race[?]
Fight from the fledged
Passing through the blood red sun
You're the watchers in the southern skiesFighting until our last breath
Feel this indenting death
Through honor and victory
We will be avenged
AvengedLoyalty unto the grave
Unbowed, Unbent
We are unbroken[?] blood and define
Choking on these venomous voices
We overcome our enemy
Until all are vanquishedFlames course through the darkness
For life to be avenged
Through honor and victory
We make amendsLoyalty unto the grave
Unbowed, Unbent
We are unbroken
Loyalty until the grave
Unbowed, Unbent
We are unbrokenSever these venomous voices
Voice from the pain
My death won't be in vain
Loyalty until the graveLoyal until death
Loyal to the grave
Loyal until death
Loyal to the graveLoyalty unto the grave
Unbowed, Unbent
Unbroken
