No Regrets

Trapdoor Social

I'm not sorry for the way I am
To love me is to understand
And I'm not sorry for what I said
Better out than still in my headBut you've made mistakes
I know
And your faith has been misplaced
It's true
You've let time go to waste
Yeah but how could I have done it any other way
But you've hurt someone
Oh no
And it cannot be undone
It kills me that all we have left is to try to do best for the ones that we love and live for the dayIt was college and living and being alone, being alone, yeah
Drinking whiskey and kissing and leaving home, leaving home, yeah
Seeking knowledge and vision and breathing slow, breathing slow, yeah
On my bicycle singing the anthem of living forever with no regretsI'm not sorry for what I do
What I follow my heart into
And I'm not sorry for loving you
It's just how I have come ungluedBut you've made mistakes
I know
And your faith has been misplaced
It's true
You've let time go to waste
Yeah but how could I have done it any other way
But you've hurt someone
Oh god
And it cannot be undone
It kills me that all we have left is to try to do best for the ones that we love and live for the day[Chorus]
