Midnight Sun

Love

The midnight sun is shining
Shining on my baby's face
That's when I know I should be returning
But I just don't know,
Don't know the reason why
That I don't know,
I'll give a reason whyI gotta keep on baby
Till I find my motion that way
And every time I see my baby
She just reminds me of a sun
That's why I know I should be returning
Oh, I just don't know,
Don't know the reason why
For I don't know,
I'll give a reason whyCome on baby,
Come on
WowThe midnight sun is shining
Shining on my baby's face
That's when I know I should be returning
But I just don't know,
Don't know the reason why
For I don't know,
I'll give a reason whyCome on baby, come on
Wow
Come on baby, come on
Wow
WowCome on
ooh, come on
Come on
