

So Far Away

Lions In the Street

*So Far Away

Got a lot of faith in my ways.
Got a lot of sayings to give away.
Don't bring me down " you know it's all the same.
Don't bring me down " everyone goes away.

Lost a lot of face in my day.
Lost a lot of grace along the way.
Don't bring me down " you know it's all the same.
Hear me out -- everyone goes away.

Me, I don't want nothing changed.
I don't want help and I don't mind pain
I'm tired of waiting for someone so far away
-- so far away.

Me, I don't want nothing changed.
I don't want help and I don't mind pain.
I'm tired of waiting for someone so far away
-- so far away
-- so far away
