Dangerous

Ladyhawke

Who makes a lie to live by so undefined
You keep on running and running and running
Even though you're running blind
Wake in the morning, you're lost in a state of mind
Always running and running and running
Even though you're running blindYou burn inside
You're hot like the devil
No more desireDangerous, you're dangerous
Like the heart beats a rhythm, you're scandalous
I know that falling in love is heaven lost in hell
When you're underneath it's spell
Shake off the feeling you most wanna hide behind
But it's still running and running and running
Even through your open mind
Why waste another lifetime believing hype?
You're always running and running and running
Even though you're running blindYou burn inside
You're hot like the devil
No more desireDangerous, you're dangerous
Like the heart beats a rhythm, you're scandalous
I know that falling in love is heaven lost in hell
When you're underneath it's spell
Dangerous, you're dangerous
Like the heart beats a rhythm, you're scandalous
I know that falling in love is heaven lost in hell
When you're underneath it's spell
You burn inside
You're hot like the devil
No more desireDangerous, you're dangerous
Like the heart beats a rhythm, you're scandalous
I know that falling in love is heaven lost in hell
When you're underneath it's spell
