## Gasoline

## **Rob Thomas**

Oh well, oh well

Guess you've got it all worked out so far

You adjust your reason

Until you see the light from where you are But you can never win

You can never lose

That's the worst part

You can only say that what you want

Is where you are You're beautiful, girl

Won't you listen to me?

Well, I tried so hard

To give you what you need

And it burned like gasolineOh well, oh well

It never took a lot to make this hard

'Cause you're so off balance

And I knew all the words to set you offBut you can never win

You can never lose

That's the scorned heart

Then you throw your head back

And you laugh at where we are You're beautiful, girl

Won't you listen to me?

Well, I tried so hard

To give you what you need

And it burned like gasolineWon't you listen to me?

Well, I tried so hard

To give you what you need

And it burned like gasoline

Gasoline, gasoline, gasolineYou're beautiful, girl

Won't you listen to me?

Well, I tried so hard

To give you what you need

And it burned like gasolineWon't you listen to me?

Well, I tried so hard

To give you what you need

And it burned like gasoline

Burned like gasoline

Burned like gasoline
